

Spruce Biosciences Announces Acceptance of Abstract for Presentation at ENDO 2022 Annual Conference

May 31, 2022

SAN FRANCISCO--(BUSINESS WIRE)--May 31, 2022-- [Spruce Biosciences, Inc.](#) (Nasdaq: SPRB), a late-stage biopharmaceutical company focused on developing and commercializing novel therapies for rare endocrine disorders with significant unmet medical need, today announced that a submitted abstract was accepted for poster presentation at the [104th Annual Meeting of the Endocrine Society \(ENDO 2022\)](#) taking place June 11-14, 2022, in Atlanta, GA. In a recorded presentation, the company will highlight results from a recent survey of individuals living with congenital adrenal hyperplasia (CAH) to assess their perceptions around glucocorticoid treatment regimens and glucocorticoid-associated side effects.

Details are as follows:

Title: (P079) A Survey of Patients Living with CAH Assessing Their Perceptions on Glucocorticoid Regimen and Glucocorticoid-Associated Side Effects

Session Date & Time: 1:00p.m. - 3:00p.m. ET on June 11, 2022

Presenter: Dr. Chris N. Barnes

Authors: Dr. Chris N. Barnes, Dr. Rosh Dias, Melodie Feather and Nina Sherpa-Pine

The poster will be on display during the conference in ENDO 2022's virtual poster hall starting on June 11, at 10:00 a.m. ET. Access more information about ENDO 2022 at <https://endo2022.endocrine.org>.

About Spruce Biosciences

Spruce Biosciences is a late-stage biopharmaceutical company focused on developing and commercializing novel therapies for rare endocrine disorders with significant unmet medical need. Spruce is initially developing its wholly-owned product candidate, tildacerfont, as the potential first non-steroidal therapy for patients suffering from classic congenital adrenal hyperplasia (CAH). Classic CAH is a serious and life-threatening disease with no known novel therapies approved in approximately 50 years. Spruce is also developing tildacerfont for women suffering from polycystic ovary syndrome (PCOS) with primary adrenal androgen excess.
